See the Difference Core5 Can Make

As educators at mission-driven charter schools empower students, **Lexia® Core5® Reading** amplifies their mission with measurable growth. Students in grades K–5 who used the product as recommended* showed lasting reading growth, supporting sustainable literacy development for multiple years.

*Used Core5 for 20+ weeks and met their goal minutes at least 50% of those weeks

Higher Core5 Reading Levels = Higher Literacy Performance

Core5 supports charter school educators' commitment to innovation and achievement. As students progress through higher levels of Core5, their literacy scores consistently increase across common assessments like:

NWEA MAP **Aimsweb+** **DIBELS 8**

Core5 shows correlations ranging from 0.44 to 0.84 strong when evaluating educational tools.

Seventy-four percent of mid-year on-target students **met proficiency benchmarks** on NWEA MAP, aimsweb+, and DIBELS 8 assessments. Students who reached the Core5 benchmark by the end of the year **demonstrated the following high proficiency rates**:

NWEA MAP

72%

aimsweb+

73%

DIBELS 8

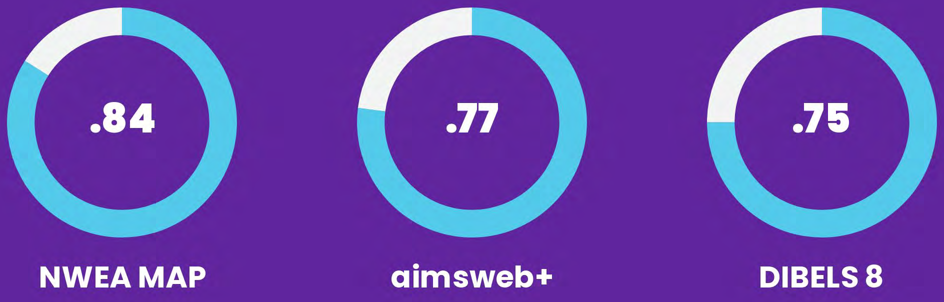
75%

Core5 Predicts Student Success

Core5's On-Target Performance Predictor is a reliable indicator of student outcomes, with **72%** to **91%** of mid-year on-target students **passing end-of-year literacy assessments**.

Results From National Heritage Academies

In a 2022–2023 study of 14,450 students across 92 schools,
Core5 showed strong correlations with major literacy assessments:



Flexible Implementation for Varied District Needs
