Adaptive Blended Learning

Meet Students and Teachers
Where They Are

Lexia's personalized learning model ensures differentiated, adaptive instruction in support of Kansas students and teachers. By combining independent online learning and face-to-face instruction with our exclusive Assessment Without Testing[®] approach, we are creating a true **blended learning** environment.

- Our model blends teacher-led instruction with purposeful technology.
- Every student receives individualized, data-driven learning paths to optimize literacy growth.

Independent, Student-Driven Learning

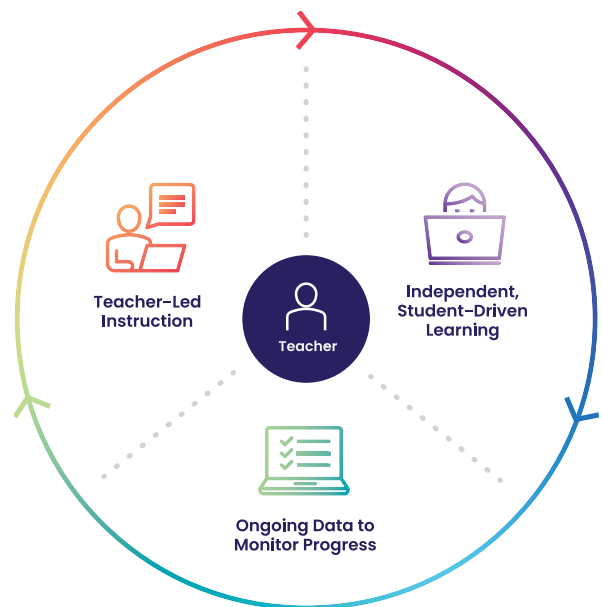

- Motivating and engaging interface
- Self-directed learning
- Remote-ready

Ongoing Data to Monitor Progress

- Real-time, on-the-spot progress monitoring
- Prioritized and group instruction
- Standards-focused reporting

Teacher-Led Instruction

- Auto-assigned to target specific student needs
- Face-to-face and practice/extension resources
- Standards aligned

**Lexia is Kansas's
blended learning partner!**
