Accelerate Literacy and English Language Proficiency with the Learning Recovery Emergency Block Grant and Proven Solutions from Lexia®

California’s Learning Recovery Emergency Block Grant provides funding to support K–12 academic learning recovery, including additional instructional time, accelerated learning strategies, and early literacy intervention.

Funds can be used for accelerating progress to close learning gaps through learning supports, such as: Lexia® Core5® Reading, Lexia® PowerUp Literacy®, and Lexia® English Language Development™.

Use your funding to accelerate academic proficiency for striving readers and Emergent Bilinguals with Lexia’s literacy instruction solutions, which meet the requirements for summer school, intersessional instructional programs, and expanded learning opportunity programs.

Allowable uses of funds include:	Lexia CORE5 READING	Lexia POWERUP LITERACY	Lexia ENGLISH LANGUAGE DEVELOPMENT

Support Learning Acceleration in California with Research-Proven Solutions

		
<p>Literacy Acceleration for TK–Fifth Grade</p> <p>Accelerate foundational and advanced literacy skills to help close the literacy gap in as little as 10 weeks.</p> <p>California schools with strong Core5 usage scored seven points higher on the SBAC ELA assessment.</p>	<p>Literacy Acceleration for Grades 6–12</p> <p>Accelerate literacy gains and enable striving readers to make multiple years of growth in a single academic year.</p> <p>Nearly 80% of California students who consistently used PowerUp Literacy advanced at least three grade levels in a single year.</p>	<p>Language Acquisition for Grades K–6</p> <p>Accelerate academic English language learning with integrated speaking, listening, and grammar practice.</p> <p>California Emergent Bilinguals who used Lexia English scored 15 points higher on the ELPAC.</p>

Learning Acceleration

- Align instruction to California CCSS ELA and ELD standards, including systematic scope and sequence
- Improve outcomes on the SBAC and ELPAC assessments with research-proven solutions
- Provide scaffolded support and instruction for students striving to achieve proficiency
- Reduce students’ risk of not meeting grade-level standards

Adaptive, Personalized Learning

- Differentiate instruction with personalized learning paths that adapt based on student performance
- Deliver the right instruction at the right time with the teacher at the center of every step
- Support numerous instructional models with flexible resources and lessons
- May be implemented by both certified and classified educators

Real-Time, Actionable Data

- Inform whole-class, small-group, and individual instruction with actionable progress data
- Create data-driven action plans with recommended instructional materials
- Empower teachers to quickly and easily meet students’ differentiated instructional needs
