

Lexia for Florida, We Fit the Bill!

Phonics Instruction for Florida

Support teachers with implementing science of reading–based instructional for foundational skills with proven solutions from Lexia®.

Florida’s HB 7039 provides guidance for educators to move away from instructional and intervention programs that employ the three-cueing system model of reading.

The primary instructional strategy for teaching word reading is phonics instruction for decoding and encoding. Lexia® Core5® Reading and Lexia LETRS® both fit the bill!
