

Boosting Literacy in Washington

A Practical Solution for LETRS-Trained Teachers

Washington educators are tackling low literacy scores with professional learning built on the science of reading. To support that teacher knowledge, many administrators are looking for programs that will empower educators to apply their Lexia® LETRS® knowledge in the classroom and reach EVERY student.

Lexia® Core5® Reading can support LETRS-trained teachers with real-time student progress monitoring, state standards-aligned resources, and a flexible fit into existing curriculum.

Aligned to Washington Standards

- ✓ Aligned to the state-funded Learning Assistance Program (LAP) for Supplemental Supports
- ✓ High-quality instructional materials and reporting aligned to the Washington State ELA Learning Standards

Supports Effective Instruction

- ✓ Provides all students—from at-risk to on-level and advanced—a systematic and structured approach to fundamental areas of reading identified by LETRS
- ✓ Powerful myLexia® reporting dashboard aids data-based decisions by showing real-time progress by district, school, grade, class, and individual student
- ✓ Provides standards-aligned, teacher-led lessons and resources to match students' needs
- ✓ Enhanced with Assessment Without Testing® technology, saving educators valuable instructional time with embedded progress monitoring
- ✓ Flexible fit into existing curriculum—before/after school, at-home, classroom center rotations, computer lab, and more

Washington Teacher-Approved

Core5 is a game changer for reading instruction. The analytics provided by the program quickly give me **the information I need to deliver targeted instruction**. My students love improving their reading skills quickly with Core5!”

—Patti Guthrie, Teacher
Bethel Virtual Academy, Washington

With adaptive tools to help educators meet state performance expectations and improve student literacy outcomes, **see what Core5 can do for your district.**
