

Reasons to Choose *for Colorado Schools*

Every school in Colorado is unique, and Lexia® offers the flexible, personalized learning each school needs to boost student achievement.

- Lexia® Core5® Reading **supports and aligns to the Colorado READ Act** and is **on the approved Advisory List of Instructional Programming for Supplemental Instruction**
- Individualized, data-driven literacy instruction for all students based in the science of reading
- Provides standards-aligned, teacher-led lessons and resources to match students' needs
- Built on an Adaptive Blended Learning model for flexible implementation with the teacher at the center
- Enhanced with Assessment Without Testing® technology, saving educators valuable instructional time with embedded progress monitoring
- Research-based and proven to work in Colorado schools
- Real-time, on-the-spot progress monitoring provides educators the ability to differentiate instruction
- Phonological awareness, phonics, structural analysis, automaticity/fluency, vocabulary, and comprehension taught in a systematic, sequential, and scaffolded manner
- Provides all students—from at-risk to on-level and advanced—a systematic and structured approach to six areas of reading
- Cultivates student ownership of performance and progress toward personal goals
- Flexible fit into existing curriculum—before/after school, at-home/remote learning, classroom center rotations, computer lab
- Promotes social-emotional learning through a growth mindset approach
- High-quality instructional materials and reporting aligned to the Colorado READ Act

What Colorado Educators Are Saying About Core5

Lexia is loaded with useful information. For example, I check on a student's progress with learning to categorize words and if they need help, then Lexia provides short lessons I can use to help that student. It provides teachers with the resource!

—**James Gallegos**, Teacher
Northeast Elementary

Lexia has made it possible for me to find specific reading and phonics gaps each student has in my classroom. Then, it gives me specific lessons to give that student to help them close that gap and move forward as a reader.

—**Trisha Glover**, Teacher
Grandview Elementary School

I use Lexia Core 5 with my Title I reading groups weekly—this is in addition to time they spend in their classrooms. I have seen an increase of skills in all of my students since the beginning of the school year.

—**Kelly Gonzales**, Remedial Reading Teacher
Sierra Vista Elementary

I work with those who use Lexia and have great reports. Kids really seem to like it and we've seen some good growth!

—**Julie Johnson**, Director
Weld RE-4 School District

Lexia is a supporting and differentiating platform which scientifically includes the 5 domains of reading. Students are engaged with each lesson and love to earn certificates of accomplishment. Resources are available for students struggling.

—**Julie Fox**, Teacher
Pagosa Springs Elementary School

Lexia is by far the best adaptive learning tool available. I can easily monitor each student's progress, growth, misconceptions, and mastery of skills, and it gives data and resources I need to facilitate purposeful learning—better than other platforms!

—**Alexandra Spraberry**, Teacher
Cherry Hills Christian Lower School
