

AT A GLANCE

North Carolina Districts See Literacy Success With Personalized Support Aligned to the Science of Reading

With educators across the state trained in Lexia® LETRS®, North Carolina is on the path to literacy success for every student.

To accelerate that success, North Carolina administrators are implementing Lexia® Core5® Reading in their districts. Core5 helps pre-K–5 educators bridge the gap between science of reading theory and classroom practice, regardless of class size or time constraints.

North Carolina Student Demographics*

Pre-K–5 Population: 693,250

- Multilingual learners: 7.7%
- Students with disabilities: 13%
- Economically disadvantaged: 50.2%
- 4th Grade NAEP Proficient/Advanced: 32%
- Students using Core5: 67,459 (6.4%)
- Schools using Core5: 205

Core5 provides supplemental support aligned to the same knowledge base in LETRS.

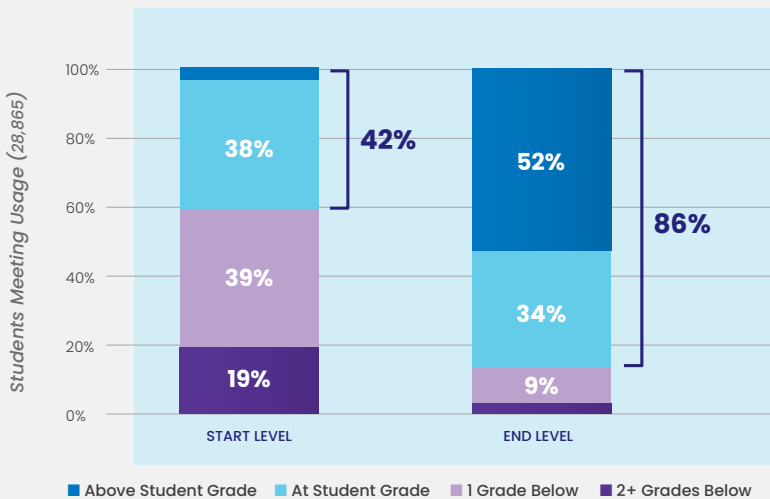

During the 2022–2023 school year, 86% of students who met Core5 usage advanced at least one grade level of material.

“ Lexia® provides the opportunity for personalized instruction. After an initial assessment and placement, Lexia...challenges the student to develop as a reader in an engaging manner that promotes reading independence...we are excited to have a program that offers such a high level of personalized reading support.

– G.A. Boschini, Principal, McNair Elementary School

83% of students who met Core5 EOY benchmark were proficient on EOG reading.

For school year 2022–2023, students* working at or above grade level in Core5 increased from 42% to 86% by the end of the year.
