

Reasons to Choose *for Oregon Schools*

Every school in Oregon is unique, and Lexia® offers the flexible, personalized learning each school needs to boost student achievement.

- Lexia® Core5® Reading **aligns to each section of Oregon’s Early Literacy Framework**
- Individualized, data-driven literacy instruction for all students based in the science of reading
- Provides standards-aligned, teacher-led lessons and resources to match students’ needs
- Built on an Adaptive Blended Learning model for flexible implementation with the teacher at the center
- Enhanced with Assessment Without Testing® technology, saving educators valuable instructional time with embedded progress monitoring
- Research-based and proven to work in Oregon schools
- Real-time, on-the-spot progress monitoring provides educators the ability to differentiate instruction
- Phonological awareness, phonics, structural analysis, automaticity/fluency, vocabulary, and comprehension taught in a systematic, sequential, and scaffolded manner
- Provides all students—from at-risk to on-level and advanced—a systematic and structured approach to six areas of reading
- Cultivates student ownership of performance and progress toward personal goals
- Flexible fit into existing curriculum—before/after school, at-home/remote learning, classroom center rotations, computer lab
- Promotes social-emotional learning through a growth mindset approach
- High-quality instructional materials and reporting aligned to Oregon’s Early Literacy Framework

What Oregon Educators Are Saying About Core5

We began using Lexia Core5 during COVID-related remote learning. Our small trial expanded quickly and then expanded again until we had K-8 districtwide usage of Core5 and PowerUp.

The communication, data, and support we've received from Lexia have been consistently excellent. They are one of the most responsive vendors we work with as a district.

—**Stacey Lee**, K-12 Curriculum Coordinator
Greater Albany Public Schools

I have used Lexia in the classroom the last two years. My students are working on their unit goals each week. It's easy for them to track. I like that I can see what they are working on and offer them support when needed. The resources are amazing.

—**Shodie Akin**, Teacher
La Pine Elementary School

Lexia has been great for me and my students. It helps me see what skills my students need to work on, and it gives them practice that meets them where they are. There are many resources available to support my students' learning.

—**Amy McCarthy**, Teacher
Salish Ponds Elementary School

Lexia has been a great tool for developing my students' understanding of word structure, comprehension when reading, and vocabulary. The kids are 100% engaged when working on Lexia and [I] appreciate that they can monitor their own progress!

—**Ronee Treadwell**, Teacher
Carus Elementary School
