

Virginia Divisions See Results With Science of Reading High-Quality Instructional Materials

Accelerate literacy learning for all students with HQIM that are approved for ALL In Tutoring **AND** on the VLA Intervention and Supplemental programs lists.

With its science of reading-based, differentiated instruction, educators across Virginia are using Lexia® Core5® Reading to improve student literacy skills—without adding more work to teachers’ already-full plates.

Virginia Pre-K-5 Student Demographics*

Population: 578,997

- English Learner: 14%
- Students with disabilities: 15%
- Disadvantaged: 45%
- 4th Grade NAEP Proficient/Advanced: 32%
- Students using Core5: 239,921
- Schools using Core5: 535

*VA DOE, SY 2022-2023

88% of students who used Core5 with fidelity advanced at least one grade level of material (SY 2022-2023).

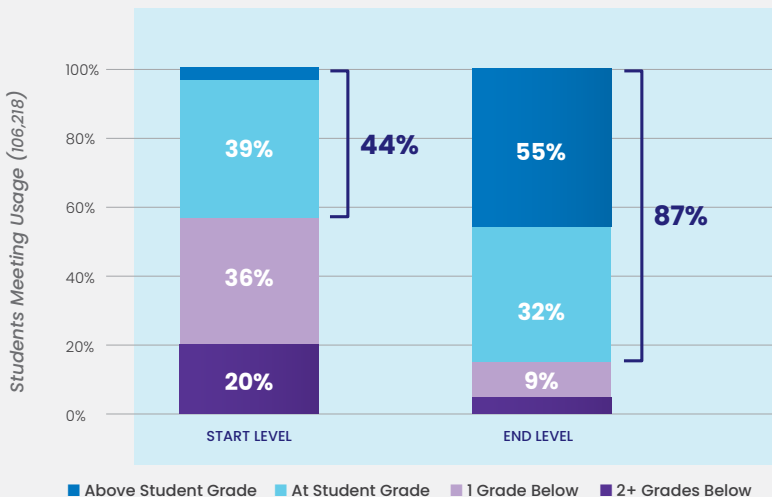

“ We really use Lexia® as a way to support differentiated instruction for all of our students who need that evidence-based literacy instruction. And **it’s really supported us as we shifted to the science of reading...** The beauty of Lexia is that it supports students in all areas of literacy.

— Carrie Leestma, Literacy Intervention Education Specialist

Core5 is ALL In Approved:

- ALL In Tutoring Reading Initiative
- As a K-5 intervention program for all rubric components
 - phonological and phonemic awareness
 - phonics
 - fluency
 - vocabulary
 - comprehension

For school year 2022-2023, students* working at or above grade level in Core5 increased from 44% to 87% by the end of the year.

*who met usage targets (N=106,218)

“ The data is pretty impressive. So that in itself, the data from Lexia shows us that it’s working and **the feedback that we get from teachers is incredible.**

There’s one anecdote of a teacher who’s been teaching 30-plus years, and she said, ‘I’ve never seen scores like this before in the middle of the year, and I attribute that to this program.’”

— Jean Wyche, Education Specialist
