

# How LETRS Supercharges Core5 Results

When teachers combine Lexia® LETRS® professional learning, with Lexia® Core5® Reading, students achieve more—and you see results even before they finish the course. A new study shows that LETRS empowers teachers to use Core5 more effectively, driving significant gains.

## Key Findings:

- ✓ **Improved Core5 Usage—Right from the Start:**  
Students whose teachers began or completed LETRS training were **more likely to meet Core5 usage goals**, a critical benchmark for literacy success.

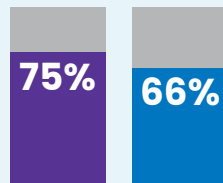

***Why it matters:** Meeting Core5 goals ensures students receive the full benefit of targeted, evidence-based instruction—driving faster literacy gains and closing gaps more effectively.*

- ✓ **Higher Reading Scores—No Waiting:**  
Students using Core5 with LETRS-trained teachers scored **higher in reading ability** after just one academic year.

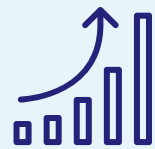

***Why it matters:** Gains start early and grow over time, helping close literacy gaps quickly.*

## The Results Speak for Themselves: When teachers began or completed LETRS,

Students met Core5 usage targets 75% of the time (vs. 66% without LETRS-trained teachers).

By mid-year, student reading ability **improved faster**, and by year-end, gains were **statistically significant** (effect size: 0.26\*).

*\*considered moderate to large impactededucators the tools to succeed.*

### Why It Matters:

LETRS equips teachers to implement Core5 with precision, driving measurable gains in literacy—starting now. Imagine the difference 2 years of LETRS will make.

**Take the Next Step**

**Empower your educators with LETRS and transform literacy outcomes for every student.**
