

## A Summer Solution

### Acceleration

- Standards-aligned, systematic scope and sequence
- Comprehensive design ensures reading proficiency and skill development
- Instructional resources aligned to the science of reading research

### Adaptive

- Targeted and time-efficient learning with the teacher at the core of every step
- Continuously adjusts learning paths based on student performance
- Flexible tools and resources fit into **your** implementation plan and schedule

### Actionable

- Assessment Without Testing® provides simple real-time data tied to instruction
- One place for whole-, small-, and individual-level data review **connected** to targeted instructional resources
- Save time and meet your students' instructional needs with aligned resources

### For all pre-K–5 students

#### Supports foundational literacy to:

- Increase phonemic awareness
- Understand letter–sound correspondences
- Build vocabulary and academic language skills
- Develop comprehension and text-analysis skills
- Cultivate rich content knowledge
- Develop a love of literacy and spark higher-order thinking skills
