Why Lexia?

With more than 40 years of experience through a singular focus on language and literacy and a full spectrum of solutions to support it, Lexia® helps more learners read, write, and speak with confidence. Our solutions can be used together or individually to meet Structured Literacy learning needs for any student—as well as the teachers who support them.

Literacy for All

Our solutions are built upon the science of reading, delivering the systematic and explicit instruction learners need to truly comprehend, retain, and apply literacy foundations.

Across all our solutions and services, Lexia’s approach is focused on sound methodology, engaging experiences, and continued acknowledgement of the value of each individual learner. By doing so, we’re making literacy truly accessible for everyone we support.

Lexia® Core5® Reading’s adaptive technology personalizes learning paths in six critical areas of reading and accelerates the development of literacy skills for students of all abilities. A proven combination of teacher-led instruction and digital practice uses technology to reach all pre-K–5 students.

Lexia® PowerUp Literacy® is instruction for adolescent readers that provides individualized, scaffolded instruction based on real-time student performance data. PowerUp addresses gaps in fundamental literacy skills while building higher-order literacy skills needed to read successfully across content areas.

Lexia English Language Development™ is an Adaptive Blended Learning program that supports multilingual students’ English language acquisition through academic conversations. Lexia English expands digital access for students learning English and empowers multilingual students in grades K–6 to thrive.

The Lexia LETRS® (Language Essentials for Teachers of Reading and Spelling) Suite is comprehensive professional learning designed to provide early childhood and elementary educators and administrators with deep knowledge to be literacy and language experts in the science of reading. Developed by Dr. Louisa Moats and leaders in the field of literacy, LETRS teaches the skills needed to master the foundation and fundamentals of reading and writing instruction—phonological awareness, phonics, fluency, vocabulary, comprehension, and written language.

Lexia Aspire® Professional Learning, grounded in the science of reading, is a flexible, self-paced online solution that helps educators accelerate literacy skills among students in grades 4–8. Aspire trains educators to weave literacy skills and strategies into instruction to help students learn to read, comprehend, and articulate their ideas across all subjects.
