

Every Minute Counts! Monitor Progress Without Stopping Instruction.

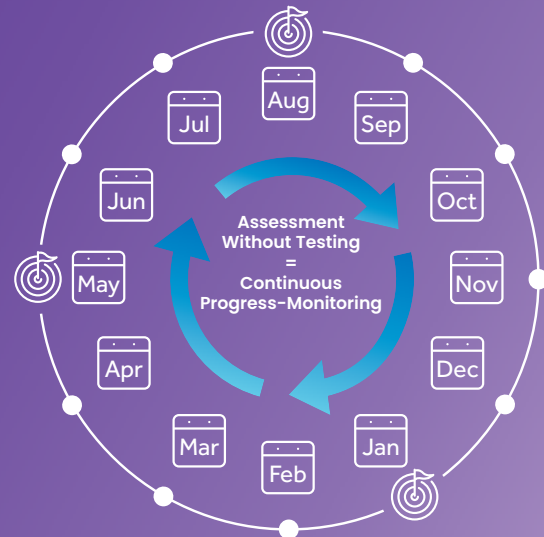

Lexia's patented Assessment Without Testing® (AWT) technology provides teachers and administrators **real-time progress-monitoring** data without stopping instruction to give a test.

Save Time With Data-Driven Action Plans Aligned to B.E.S.T. Standards & WIDA

- Personalized learning pathways improve student gains
- On-the-spot progress-monitoring reports **with B.E.S.T. & WIDA-aligned resources** saving teachers up to a month of planning time and help prioritize instructional time.

Assessment Without Testing— Progress Monitoring to Predict Future Outcomes and Change Learning Trajectories

- Identifies student risk levels
- Predicts future performance
- Prescribes instructional intensity
- Provides real-time progress-monitoring data and action plans aligned to WIDA and FL ELA B.E.S.T. standards
