

Lexia Fits the Bill

Meeting the requirements of the Illinois Literacy Plan

Illinois educators want the best for their students, and that means providing them with rich literacy instruction that is scientifically proven and evidence-based. Through the Illinois Literacy Plan, Illinois educators have used evidence-based practices to build a plan of action that will ensure access to effective and equitable literacy curriculum and instruction for ALL students.

At Lexia®, we are here to answer this call to action and partner with Illinois school districts to increase student reading achievement. We want to level the literacy playing field for all students in every community. The following table outlines how Lexia’s professional learning suite **Lexia® LETRS®** (Language Essentials for Teachers of Reading and Spelling) and our pre-K–5 adaptive blended learning solution **Lexia® Core5® Reading** support the objectives of the Illinois Literacy Plan.

Illinois Literacy Plan	How Lexia answers the call
Goal 1: Every student receives high-quality, evidence-based literacy instruction.	 <p>This science of reading-based framework supports foundational through advanced literacy skills development for ALL learners.</p>
Goal 2: Every educator is prepared and continuously supported to deliver high-quality, evidence-based literacy instruction.	 <p>LETRS empowers literacy educators’ instructional practices with evidence-based science of reading essentials.</p>
Goal 3: Every leader is equipped to create, maintain, and sustain equitable conditions for high-quality, evidence-based literacy instruction.	 <p>LETRS upholds the learning standards for professional learning through rigorous content, incorporates transformational processes to support the entire district, and maximizes success through data and reporting practices and infrastructure.</p>
Provide aligned instructional practices in the areas of phonemic awareness, phonics, vocabulary development, fluency, comprehension, and culturally and linguistically responsive pedagogy.	 <p>Provides explicit, systematic, and personalized placement and instruction, with practice in three primary strands: Word Study, Grammar, and Comprehension.</p>
Use a data-based decision-making process within the MTSS framework to determine the evidence-based reading instruction needed.	 <p>Core5 supports an MTSS model through real-time data-driven reporting; personalized prescriptions of intensity; ongoing progress monitoring; and evidence-based, data-driven instruction.</p>

All for Literacy
