32 weeks of use

EDUCATORS[3]

473K+ myLexia® logins to access student data and resources

132K+ Lexia Lessons® and Lexia Skill Builders® delivered

Accelerating Growth[2]

Students working on skills at or above their grade level **increased** from 50% to 93%

50% Start of Year	**93%** End of Year

Closing the Gap[2]

For students who started two or more grade levels behind:

52% ended the year working at or above grade level

19% moved up 2+ grade levels of material in one year

What Utah Educators Are Saying

❝ Core5 is a great tool for our students. Visiting different places in the world and fun graphics help keep my students engaged. You have so many resources and specific info about each student. It really helps!

❝ My students beg to do Lexia. I love how it differentiates for all my students. Their writing and spelling scores are getting better.

Verified to Drive Outcomes

Third-party evaluations of Utah's Early Intervention Reading Program[4] have found that:

- Core5 students **consistently met** their usage targets.
- Use of Core5 contributed to **significant reading gains** relative to matched controls in both full- and half-year implementations.
- Lexia is by far the most preferred provider. Enrollment in Core5 was **6x higher** than average enrollment for other vendors.
