Lexia CORE5 READING

'True Data' Offers Visibility Into Student Progress

CHALLENGE: Timely visibility into student performance for informed decision-making and early identification of struggling students.

SOLUTION: Lexia® Core5® Reading

Sal Flores, director—RT/504/dyslexia for McAllen ISD, tells his district's story.

"Incredible program" offers true data

" My teachers fell in love with Core5 because, for the first time, they were able to see what they call 'true data.'"

The real-time data isn't just for teachers.

" I track the progress of all my EBs, my special education students, the GT students, my general ed. I look at the entire data."
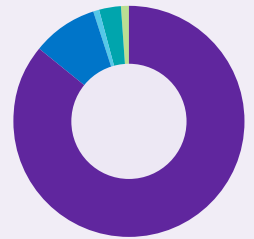

Getting administrator buy-in

Flores' advice? Share the reporting at district, school, and classroom levels.

" I brought the administrators in at the beginning of the year and gave them a user name and password, so they were able to see the data."
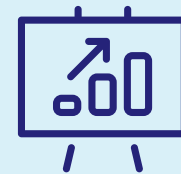

85% of students who met Core5 usage targets and

65% of ALL students advanced at least one grade level of material.†

†During the school year 2022–2023.

The number of students working in or above grade-level material more than **DOUBLED.**

" The data tells us what we're doing is making a difference."
